

Q. Did you and your father cut wood off the property after he bought it from Mr. Baker?

A. Yes, we used to go up and cut wood and drag it down by horse. We had an old mare that my father would unhitch at the bottom of the hill and I would whistle for her and she would come to me and I'd load her up and she would drag the lumber down to my father.

Q. You know for a fact that Mr. Baker did sell the property to your father?

A. Yes.

Q. During the time that your father owned the property did Mr. Baker ever make claim to the land?

A. No.

Q. Did you ever do anything else besides cut timber from the property?

A. No.
